Want to be Let Alone

The rebel journals at Richmond denounce the report of the Reconstruction Committee almost as bitterly as they used to inveigh against the Yankee Vandals during the war The Examiner calls it a disgrace to the ongress and adds

A ... barbarous policy ... they recommend ... disgraced ... savages. It is without a shadow of justice, expediency or ... It is ... destruction of ... Constitution ... rights under that ... we ... worthless ...

The Dispatch says ... Congress ... States ... the South ... may be overwhelmed ...

The Examiner also denounces the report in violent language What a great hardship that these worthies cannot be 'let alone,' as they have asked to be for the last five or six years

Split in the New Johnson Party —There has been a split already in the new Johnson party, Cowan does not like the look of the 'National Johnson Club' formed at Washington by Montgomery Blair and has held a meeting there which was addressed by himself and Governor Johnson of Philadelphia, in favor of admitting to Congress those Southern men only who can take the Iron clad test oath Montgomery Blair is in favor of repealing the test oath altogether and wants to oust Seward from the Cabinet while Cowan and his little crowd want to keep Seward in The National Intelligencer follows Blair and is 'for nenst' Seward and Seward blocks its game by taking the government patronage from it The President as usual, is on the side of both He assures both Blair and Cowan that he is with each against the other Thus the new party finds itself in the throes of dissolution before it is fairly launched into existence

History Trying to Repeat Itself —Alluding to his reconstruction policy an exchange paper says:

"Will the people hold up the hands of the President in this action?"

And it came to pass that when Moses held up his hand Israel prevailed, and when he let down his hand Amalek prevailed But Moses hands were heavy and they took a stone and put it under him and Moses sat thereon; and Aaron and Hur stayed up his hands one on the one side and the other on the other side, and his hands were steady to the going down of the sun and Joshua discomfited Amalek

The President has let down his hand and there is neither a Joshua nor a Hur to hold it up

"Nigger" on the Brain —Democrats sometimes say that their opponents think of nothing but the negro, and talk of nothing else In two brief 'leaders" in the New York Day Book, (Copperhead,) of recent date, the word Negro occurs sixty three times! and the word 'Nigger" thirteen times, making seventy six times in all Such an instance of 'Negro on the Brain' can not be found among Unionists The case is incurable

Mormon Delusion —Among other things said in the Tabernacle at Salt Lake lately was something after the following style, by the Trustee-in Trust "Any Government of the earth attempting to lay hands upon the priesthood will sink into hell Joseph Smith holds the keys of heaven, and no man or woman can enter therein without his permission"

Startling Revelation about the Burdell Murder —The Newburyport (Mass) Herald of April 26th, publishes a statement of Charles H Golden, in jail there on charges of burglary, in which he claims to have been very intimate with Mrs Cunningham and her family and know all about the projected murder of Dr Burdell, in Bond street, New York several years ago He says, among other things, that Mrs Cunningham offered him $25,000 and her daughter in marriage if he would murder Dr Burdell, by whose death she (Mrs Cunningham) would get $100 000 He declined the job but took Augusta to the theatre, returning with her to Bond street and slept in the house that night, knowing before he went to bed that the murder had been committed The confession looks sensational, but may be true

[illegible] PAPER OF THE STATE

THURSDAY MORNING, JUNE 7, 1866

The Legislature

The following is the apportionment of Senators and Representatives of the State

	Senators	Representatives
[illegible]		5
[illegible]		
[illegible]		
[illegible]		
Lake		1
Josephine		1
Polk		1
Yamhill	1	3
Washington and Columbia	1	
Clatsop and Tillamook	1	3
Multnomah		4
Clackamas	1	
Wasco	1	
Baker	1	1
Union	1	1
Baker and Union		1
Umatilla	1	2
Grant	1	1
	22	47

Of these the Unionists already have Senators in Multnomah, Washington, Clackamas, Marion, Yamhill, Polk, Benton, Douglas, Wasco and Union, with one in Lane, making fourteen. We have Representatives in Multnomah, Clatsop, Washington, Yamhill, Marion, Clackamas, Benton and Douglas, with one reported in Polk. Coos and Curry will give us one, making a majority. We think our chances are good for two or three east of the mountains. As it now stands, we have five majority on joint ballot. The boasts of the Democrats that they will elect their Senator, *will hardly be fulfilled*.

The Fenian Invasion

A military expedition under the Green Flag has at last been undertaken. Judging from the latest reports from "the seat of war," the campaign is likely to close very soon. The "war" is to be astonishingly short, and not remarkably sharp, but perhaps very decisive. A raid across the Canada border by a handful of men who scarcely wait to hear that the militia is marching toward them until they commence the masterly strategy of evacuation and retreat, is expected to achieve the independence of Ireland. For a long time the Fenian orators at the East have been declaiming in cheap bombast about their contemplated military expedition over the border and the prodigies of valor they would perform the moment they could obtain a sight of the bloody flag of their British persecutors. But now after the enterprise has been attempted and after they have effected a lodgment in the enemy's territory, they *do not wait for a sight of the banner of St. George* to inflame their valor, but with wonderful discretion, deliberately burn their camp, destroy their munitions of war, throw away their muskets, abandon their military organization, and endeavor to seek each for himself, a place of safety as remote as possible from the enemies whom they have long been so very impatient to meet in the red flame of battle. The "war" seems already to be over.

A more absurd and criminal movement than this at Niagara, has not been undertaken for a century. An expedition is set on foot which is so *deficient in numbers, and so wanting in the appliances of war*, as to excite no fright among any except the invaders themselves. The only wonder is that fifteen hundred men can be found who are so completely insane as to embark in so foolish an enterprise.

The Democracy of this city were well drilled in the recent canvass. The lowest classes of the *voting population had been taught to believe* that the only way to avert the dreadful disgrace of "*negro equality*" *would be to vote the Democratic ticket*. Hundreds of men went to the polls whose only idea of politics was, "damn the nigger." Before the election their leaders told them if the Democratic ticket did not succeed, they would be compelled at once to associate with negroes, take them into their houses, intermarry with them, and give them the places of honor on all occasions. Hence the enlightened Democracy fought desperately to ward off the danger. It turned out, however, that they did not win; therefore we suppose they will become reconciled to their fate and not try any longer to keep ahead of the "*nigger*." *The Democracy of Portland* are subjugated. Where are the eleven hundred and seventy-seven members of the Democratic Club? And where are the thirteen hundred who thronged that spacious hall on the evening when "Skookum" was at large? Where?

ELECTION RETURNS.

WASCO COUNTY.

The *Mountaineer* gives the following as the vote of Wasco county: Dalles—Mallory, 242; Fay, 234; Woods, 233; Kelly, 253; May, 244; Lane, 230; Cooke, 244; Bell, 239; McPherson, 245; O'Meara, 236. Tygh Valley gives Fay 15 majority. Fifteen Mile gives a Union majority of 26. *Hood River gives 30 Democratic majority*, Collie 10 Democratic, and Falls precinct 8 Union. The Democrats have from 60 *to 70 majority on the* county ticket.

YAMHILL COUNTY.

Woods has 25 majority in Yamhill county. Lamson, one of the Union candidates for Representative is elected by 11 majority. Laughlin, the other Union Representative, is elected by a larger majority.

Returns by Counties

The following are reported and estimated majorities

Union		*Dem*	
Clatsop	56	Linn	154
Columbia	5	Lane	120
Multnomah	304	Jackson	130
Washington	110	Josephine	25

Union maj. so far	809		

M. H. Cruikshank, State Commissioner, appointed by the Governor of Alabama to aid the Freedmen's Bureau in supplying the destitute of that State, has made a suggestive report for March. In that month there were relieved 10,728 whites and 1,877 colored; of the whites, 1,082 were men, 1,[illegible] women and the rest children; of the blacks 810 were men, 1,912 women and the rest children. The report says alarming *destitution prevails in the State*, which will increase until harvest, and if not relieved numbers *must perish*.

Reported Death of Lewis Cass.—The Gold Hill (Nevada) *News* of May 29th says it has received a report that Lewis Cass died on that morning at 11 o'clock at Detroit, Michigan. The San Francisco press has received no such dispatch nor has the occurrence been heard of here. It is not unlikely, however, that the report is true.

General Banks.—A Washington dispatch says that Gen. Banks is preparing a great speech against universal suffrage for the Southern States, though he will favor impartial suffrage for the District of Columbia.

Josephine County.—A dispatch from R. F. Dowell states that "Josephine county gives 25 *majority Democratic*. Perhaps the Union Representative, Sheriff and Clerk are elected."

The New York Tribune on Universal Suffrage.—The *Tribune* says, [illegible] the Tribune has a clear understanding [illegible]. If by manhood suffrage is meant [illegible] we favor no such proposition. What we do hold is that with every white man [illegible] so why every black man.

[DISPATCHES TO THE OREGONIAN.]

DATES TO JUNE 2.

The Fenian War

[illegible] war, and the [illegible] confident expectation that a collision will occur to-day.

Buffalo, June [illegible].—Gen. Grant passed west [illegible] Niagara frontier. Gen. Barry [illegible] A dispatch from Albany says that Governor [illegible] will *issue a proclamation to-day warning the citizens against* [illegible].

Later.—[illegible] The Fenians evacuated Fort Erie this morning [illegible] toward the river [illegible] Welland Canal [illegible] at half past eight o'clock and took passage [illegible] they sent out skirmishing parties in all directions.

Gen. Scott's Funeral.

Chicago, June 2.—The funeral obsequies of Gen. Scott at West Point to-day were largely attended by distinguished army and navy officers, a Congressional delegation, etc. The Episcopal burial service was read and after addresses by Chaplain French and Bishop Potter the remains were buried with military honors. The day was generally observed throughout the country.

OUR SAN FRANCISCO DISPATCH

San Francisco, June 6th.—Eastern line is out of order [illegible] Salt Lake. No Eastern news yet.

John French, who was fearfully injured from one of the omnibus railroad cars for tendering greenbacks for his fare, has commenced suit to recover $20,000 damages, in the 12th District Court.

The little son of Thomas Black, who was run over by a [illegible] Long Bridge recently, died of his injuries. Yesterday Mr. Gilbert, owner of the steam boat, [illegible] after boating, of the child's death.

Albertina Zalrowski, was to-day divorced from her husband, John A. Zalsowski, by a decree of the 15th District Court.

The Supreme Court has affirmed the decision of Judge Pratt in denying a new trial in the case of Thomas Byrne, convicted of the murder of Charles [illegible] in San [illegible] Valley over a year ago. Gov. Low having refused to commute his sentence to imprisonment for life, intimated *some time since that* he [illegible] *see nothing in the facts* which would justify such a course on his part, so that the matter will be settled by the Supreme Court. Nothing now remains but for Judge Pratt to pass the sentence of death and appoint a day for the murderer's execution.

F. M. Pixley appeared in [illegible] court this morning and entered a plea of guilty in behalf of one of his Chinese *female clients*. He intimated to the Court that he might enter a similar plea [illegible] *already been ordered*. Counsel Pixley *has frequently* stated that he would meet the [illegible] half way and [illegible]. The light sentence of Judge Rix yesterday may have prompted him to make this move.

The body of a drowned man was found floating in the bay near Black Point yesterday.

Peterson and Hill, the seamen who stabbed the mates of the ship *Seminole*, were held to answer before the County Court on the charges of assault with deadly weapons. The testimony showed that they had *received* great provocation from the officers, but whether or not they were justified in resorting to such extreme measures, will be for a jury to determine. Nelson and the [illegible] the second and third mates are better to-day.

The new Merchants' Exchange, on the corner of Washington and Battery streets was thrown open to public *inspection to-day, and regularly opened* for business tomorrow. The building has been completely renovated and rebuilt. Its walls are strengthened with additional girders, while the interior is fitted up in a style of elegant simplicity and with all conveniences usually found in an establishment of the kind. The front room, formerly the Senate chamber, is occupied as a reading room, where late papers and magazines from the four quarters of the globe can always be found for reference. The rotunda room is to be used as an exchange, where merchants congregate and discuss the mercantile topics of the day and where desks are provided for their use, while in the rear is a large room elegantly carpeted and fitted up for the Chamber of Commerce.

Our market for legal tenders is unsettled and prices are largely nominal. At Board there were sales at 73½c. The brokers quoting 73@73½c buying; 74@74½ selling. *The telegraph brings New York gold* quotations up to the 4th instant. The market seems to have been considerably excited by continued unfavorable accounts from London, dates to May 26th having been received with reports of additional failures, including Bank of London, an old and well known institution. This bank acted as the agent and correspondent of Donohoe, Kelly & Co., of this city. When it suspended its business was at once transferred to the Consolidated Limited, which will receive remittances and pay all drafts, so that persons here who *have transacted business in London through Donohoe*, Kelly & Co., will sustain no losses.

Owing to the irregularity of the overland wires, it is difficult to ascertain the full effect of the London panic in New York, and much suspense is felt here in consequence. With a redundant supply of irredeemable paper money, the way is opened for renewed violent fluctuations of gold and it *is claimed by some that* on account of the elasticity of the currency there is less danger of a severe panic on this side of the Atlantic than there otherwise would be under a decline of commercial values in the Atlantic *cities* we would be apt to follow the London crisis, and thus bring about a widespread panic and bankrupt a large number of financial and commercial houses; but the immense amount of currency in circulation and the confidence given to it in consequence of the Government guarantee, causes a state of things unlike anything in our *former history, and even puzzles and confounds* many veteran financiers who, drawing conclusions based on the experience of the past find their calculations greatly at fault. Owing to the suspense touching Eastern and European financial affairs, merchants are very cautious and business is dull. It is hardly probable that we shall be extensively involved in the difficulties which have overtaken the English money market and threatens the Atlantic cities.

Money is very abundant at previous rates. There is a decided reaction in the *mining share market, an important* advance through the whole list as follows: Yellow Jacket $409 60, Belcher $46, Ophir $2 00, Challar Potosi $15, Overman $16, Bullion $10 and Imperial $10. Coal oil 100 [illegible] at 60c. Mackerel 100 kitts old sold at $1 75. [illegible] do private at $2 (@2 50. Flour sales include 1,000 sks. country superfine at $5 50@5 75. Bran [illegible] extra [illegible] *sks at 450 qr sks* Wilson at ruling rates, all for export to China and [illegible] $5 [illegible] sks $5 25@5 62½; Extra [illegible] $5 50@6 62½ qr sks to [illegible]. Wheat 1,000 sks prime at $1 80; 200 sks *coast* $1 75 per hundred lbs. Market firm and sound. Oats are generally held at [illegible] the views of buyers. Barley sales include 250 sks brewing [illegible] and 1,000 sks [illegible] per 100 lbs. Potatoes New Missions quoted at $1 00@1 12½, sales for the week include 10,000 [illegible] the shipping grades are quoted at *17@21 and dairy at 10a 15 as to quality*.

Hides—Quotable at 13½c. for dry California select slaughter.

Tallow—Sales since our last of 10,000 lbs at 11@13c. The market is dull, the soap factories of the city taking in a small way.

Sailed—June 5th, the United States Steamer *Saranac*, on a cruise. June 6th—Bark *Palmetto*, Petropaulovski. The *Oriental* is advertised to leave for Portland on Wednesday the 13th.

Arrived—June 6th, Bark *Dresden*, [illegible] Honolulu. Ship *Martial*, 13 days from Newcastle.

An Iron Clad.—They have built a great iron clad in England, and have had trouble to get her into the water. A correspondent says:

We have had a good deal of excitement in south[illegible] the [illegible] in launching the *Northumberland* [illegible] has been from placed between [illegible] and the attempt to float her [illegible] time was [illegible] trials have taken place in which all the resources [illegible] have been called into operation but they have utterly failed in spite of hydraulic presses [illegible] and battering rams. The Secretary of the Millwall Company has received hundreds of suggestions [illegible] for the purpose [illegible] and [illegible] at the conclusion [illegible] *attend any particular plan, it has taken* [illegible] vessels [illegible] plates to a vessel [illegible] when it could [illegible] *out to do* [illegible] her purpose in water.

MEETING OF THE COMMON COUNCIL.—The regular meeting of the Common Council was held last evening [illegible] Mayor Failing presiding.

[illegible] Messrs. Dowe, [illegible] Thompson [illegible] and Watkins.

The minutes of the previous meeting were read and approved.

[illegible] was granted C. M. Carter [illegible] street was granted [illegible]

The report of the City Recorder for the month of May, showing the workings of that office, was received and placed on file.

[illegible] superintendent of [illegible] made a report which was read and placed on file.

Warrants were ordered in payment of [illegible] & Co. street contract [illegible] for the sum of $488 [illegible] completed [illegible] in front of blocks [illegible] for the sum of $680. Various other claims [illegible] were ordered to be paid.

The resignation of Mr. Plummer as member of the Council for the Third Ward, was taken up and accepted.

Mr. Rosenheim [illegible] a resolution [illegible] the approaching city election which was adopted, and the notice which appears in another column was adopted designating places of holding the election and the judges and clerks of the same.

The pay-roll of workmen employed on the river improvements was read and several amounts aggregating $230 40, ordered to be paid.

Council adjourned.

WILLAMETTE NAVIGATION IMPROVEMENTS.—The committee on river navigation improvements are now engaged in the right direction with their works. From the report of the Superintendent of [illegible] the Council [illegible] time, we are informed that the [illegible] has had a [illegible] and while a strong current is setting in at the old channel, during the present high stage of water an outward current into the main channel is now actually passing through the new channel, showing that [illegible] the natural connection with the Columbia. Recently the City Council authorized a loan of twenty thousand dollars to be devoted to the purpose of improving the navigation of this river, but we believe the committee has not borrowed anything so far, upon the authority granted to them. The work of 1865 was of but little account. The dredger was taken out, made into a [illegible] machine and a new dredger is now under contract, and will be ready for operation by the time the river shall be low enough to work to advantage. The expenses thus far have been met exclusively by the tax-payers of our city. The following which was handed us for publication yesterday is the first intimation we have had of any assistance from other sources:

SENATE CHAMBER, WASHINGTON CITY, May 10 1866.

Dear Sir:—This morning I succeeded in getting an amendment to the river and harbor bill in the Senate Committee on Commerce, appropriating $15,000 for the removal of obstructions to commerce in the Willamette river between Portland and its mouth, and a general provision authorizing the survey of the Columbia river.

J. W. NESMITH.

[illegible] OBSTACLE REMOVED.—On last Saturday night [illegible] excavation at the corner of Alder and Front streets, for the basement of Mr. C. M. Carter's new building, was filled with water in consequence of an old well [illegible] over. Work was necessarily suspended on Monday and the obstacle threatened to be a very serious one to the further progress of the structure. Various plans were advised, and many men concluded that nothing would reduce the water sufficient to allow the work to proceed. Bets were offered on the subject—but yesterday in ruling the well was secured, three large suction pumps rigged, and six men employed to "haul the water," &c. After four hours incessant labor the cellar was dry enough to admit of work, and the results show that the pumps threw 24,000 cubic feet of water in that time. It was fortunate that the water was so readily removed after commencing upon it, as a delay of a month or more at this time would have been very [illegible] to both the proprietor and contractor. Now the cellar will be finished up within two weeks.

PRECINCT OFFICERS.—The following is a correct list of Justices of the Peace, and Constables elected in the various precincts of this county at the election on last Monday. South Portland—John G. Cover, Justice; J. Johnson, Constable. Central Portland—Israel Graden, Justice; Chauncey Ball, Constable. North Portland—Lot Anderson, Justice; P. Martin, Constable. East Portland—B. Trainor, Justice; F. Dorce, Constable. Multnomah—S. Nelson, Justice; J. Conway, Constable. Fulton—John Terwilliger, Justice; Isaac Bell, Constable. Sauly—F. G. Bicklin, Justice; S. O. Taylor, Constable. St. Johns—S. O. Severance, Justice; O. H. Roberts, Constable. Powell's Valley—Wm. Garwood, Justice; J. Tomlinson, Constable. Willamette—Richard Sandlet, Justice; R. Guestin, Constable. Sauvie's Island—Jas. Moores, Justice; Thos. Moores, Constable.

LADIES' FAIR.—The ladies of Trinity Church propose giving a fair at Oro Fino Hall on the evening of June 25, for the benefit of the Church. Contributions of articles usual for such occasions are solicited and contributors will be thanked for all they may send to the Hall on Tuesday. The action of the ladies in this matter is certainly commendable, and aside from the friendly and sociable feelings which will be promoted by their action, the Fair can be made productive of much good. We trust the call of the ladies for contributions for the object proposed, may be answered abundantly, and to make the Fair successful this only will be necessary, as, under the management of those who comprise the committee it will be a pleasure to attend.

A SOCIAL EVENING.—The members of the Portland Liederkranz, and a few invited guests enjoyed the hours very profitably last evening at their Hall corner of C and Front streets, in music, song and dancing. About fifty couples met together at that place. At Oro Fino Hall the ladies of the city presented the Fenian Guard with a magnificent Irish flag, and then the assembly joined in the "whirling maze" until an early hour of the morning. At the rooms of the Philharmonic Society, some fine pieces were rehearsed for the approaching concert. All taken in all our city was lively with music last night. We had the pleasure of attending a few of the gatherings and they left a favorable impression of the agreeableness of society in Portland upon our mind.

TALKS WITH IDAHO.—The certificate of incorporation of the California and Idaho Stage and Fast Freight Company has been filed in the County Court of San Francisco. The company propose to run a line of stages and fast freight wagons from Chico, California, to Boise City, Idaho, via Susanville and Ruby City. Capital stock $200,000, divided into 2,000 shares of $100 each. Trustees—John Bidwell, John T. Shauff and George D. Crosby. "Italian stocks" will be too weak, in less than one round year to support the above propositions.

A TYPO MINER.—A recent letter from one of the mining districts of Montana contains the following paragraph, in allusion to one of our former citizens, a printer in the OREGONIAN establishment: "Winding our tortuous course down the mountain we soon crossed Deep Gulch—said to be the richest in the camp. The claims are deep and hard to open, but the men appeared to be going in in earnest. Thos. H. Mallory, an old typo, has taken a 'sit' in this gulch, with good prospects of setting up several 'thousand.'" We are glad to hear that the "take" has "fat" one.

COUCH ENGINE COMPANY.—At the monthly meeting of Couch Engine Company No. 5 on Tuesday evening last the following officers were elected: President, Captain Wm. Dierdorff; Foreman, P. G. Garrey; 1st Assistant Foreman, L. Miller; 2d Assistant, W. Wallace; Secretary, S. R. Holman; Treasurer, D. F. Harrington. The company tendered a vote of thanks to B. J. McCormick, Esq., and Sheriff Stitzel for presents made to the company.

WANTED A WIFE.—A Celestial applied to Marshal Hoyt yesterday for assistance to obtain a Celestial woman from a house of ill fame, stating that she had consented to marry him, but he was not able to get her away as she was a slave. Upon investigating the matter it was clear that John had been imposed upon by the woman, as she was not of the disposition represented, and he went to his quarters alone.

LIFE INSURANCE.—The advertisement of Mr. W. Everson, general traveling agent of the Manhattan Life Insurance Company will be found in another column. Life insurance is a subject that commends itself to all the wise and prudent, therefore take note of the advantages held forth by this Company.

POST OFFICE DALLAS.—These articles, convenient in any business man's desk will be found for sale at 10 Front street. As will be seen, Jacob Underhill has the best in use.

REAL ESTATE SALE.—Mr. A. B. Richardson will dispose of the property advertised at auction to-day. The sale will take place on the premises, corner of Fourth and Yamhill streets.

THROAT AFFECTIONS AND HOARSENESS.—All suffering from *Irritation of the Throat* and *Hoarseness* will be agreeably surprised at the almost immediate relief afforded by the use of *Brown's Bronchial Troches*. These [illegible] ingredients allay pulmonary irritation and [illegible] the public speaking, or singing, [illegible] the [illegible] used with too much exercise, their use will give renewed strength to the vocal organs.

PERFECTION OF ART—[illegible] WORTH & CARDWELL'S PHOTOGRAPHIC GALLERY, 99 First street, and see the BEAUTIFUL PICTURES and specimens of the [illegible] artists skill on exhibition there. The GALLERY still leads all others in the quality and finish of SUNBEAM [illegible] CARD PHOTOGRAPHS, etc.

Protection, No. 4.—Regular monthly meeting this evening at 8 o'clock.
R. [illegible] Secretary.

Multnomah, No. 2.—Regular monthly meeting this Thursday evening at 7½ o'clock precisely.
W. T. LEONARD, Secretary.

HOSTETTER'S

CELEBRATED STOMACH BITTERS

READ AND REFLECT.

Make sure of HEALTH. "But how?" you ask;
We answer, 'tis an easy task,
Strengthen the STOMACH, and sustain
The NERVES, the servants of the brain
The Liver keep in active play
And *regulate*, from day to day,
Each organ aid on Nature's plan,
Brace and refresh the INNER MAN,
And like a watch that's kept in chime
By constant care, with railroad time,
The system's tone and strength renew
And thereby cheer the *spirits* too.
"How," you inquire, "can this be done?
This Victory o'er Disease be won?"
HOSTETTER'S BITTERS, we reply,
Is HEAVEN'S SUPREME PROTECTION—TRY!

As a means of regenerating the disordered and enfeebled system, regulating every function of the internal organs, reviving the depressed spirits, invigorating the constitution, and prolonging life, no medicinal preparation either of the past or the present time, has been so completely and universally successful as

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Against the vapors foul prepare
That fever taint the heavy air,
Drink not unmixed the water found
In prairies, woods or marshy ground,
If sedentary toil you ply,
Nature you must assist—or die—
For when debarred from exercise
For *helpful aid* she cries
Made the a grand purpose and intent
Is threatened ills to *prevent*
And if you'd be relieved or spared
From ills that crush the *unprepared*,
Hostetter's Bitters use—for lo!
They are the SUREST ANTIDOTE.

To act as defense to the miasma of unhealthy soils, the poison of unwholesome water, the effluvia of crowded work rooms and factories, and the baneful influence of sedentary employments, it is only necessary to be fortified with

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Dyspepsia's pangs, that rack and grind
The body and depress the mind
Agues, that as they go and come,
Make life a constant martyrdom;
Colics and dysentric pains,
Death which the strong man's vigor wanes;
Bilious complaints, those fruitful ills,
Never conquered yet by drastic pills;
Dread diarrhoea that none [illegible]
Cured by destructive mercury;
Slow constitutional decay
That brings Death nearer day by day;
Nervous prostration, mental gloom—
Heralds of madness or the tomb,
For these—the ablest mineral nostrums fail—
Means of Relief at least avail
HOSTETTER'S BITTERS [illegible]
Not to *prevent* alone but *cure*.

In dyspepsia, fever and ague, bilious complaints, constitutional and nervous debility, constipation, sick headache, spasms, and in all complaints of Man or Woman proceeding from casual or inherent weakness of the body, the one great remedy and restorative is

HOSTETTER'S CELEBRATED STOMACH BITTERS.

To wanderers on sea or land,
From Polar shore to tropic strand,
To those who dare the regions new,
And dwellers in great cities, too;
To soldiers in camp, fort and field,
Who need against disease a shield,
To miners California bound
And tillers of wet, marshy ground,
To feeble wives of fragile health,
To young and old the aged and ill,
To those in health, who would enjoy
Heaven's best gifts without alloy,
To all the strengthless, weak and pale
Who droop, yet know not what they ail
[illegible] Hostetter's Bitters we present
As Health's most potent element!

If there is any value in public opinion, or any weight in medical testimony, the very best of Tonic, Corrective and Alterative now before the world is

HOSTETTER'S CELEBRATED STOMACH BITTERS.

Sold by respectable druggists in all parts of the world.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try the celebrated

PLANTATION BITTERS,

Which are now recommended by the highest medical authorities, and warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure, and must supersede all other tonics where a healthy gentle stimulant is required.

They purify, strengthen and invigorate.
They create a healthy appetite.
They are an antidote to change of water and diet.
They overcome effects of dissipation and late hours.
They strengthen the system and enliven the mind.
They prevent miasmatic and intermittent fevers.
They purify the breath and acidity of the stomach.
They cure Dyspepsia and Constipation.
They cure Diarrhoea and Cholera Morbus.
They cure Liver Complaint and Nervous Headache.
They make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya bark, wintergreen, sassafras, roots and herbs, all preserved in perfectly pure St. Croix rum. For particulars, see circulars and testimonials around each bottle.

Beware of impostors. Examine every bottle. See that it has our private U. S. Stamp unmutilated over the cork, with plantation scene, and our signature on a fine steel plate side label. See that our bottle is not refilled with spurious and deleterious stuff. Any person pretending to sell Plantation Bitters by the gallon or in bulk, is an impostor. Any person imitating this bottle, or selling any other material therein, whether called Plantation Bitters or not, is a criminal under the U. S. Law, and will be so prosecuted by us. We already have our eye on several parties re-filling our bottles, &c., who will succeed in getting themselves into close quarters. The demand for Drake's Plantation Bitters from ladies, clergymen, merchants, &c., is incredible. The simple trial of a bottle is the evidence we present of their worth and superiority. They are sold by all respectable druggists, grocers, physicians, hotels, saloons, steamboats and country stores.

Bombardment of Valparaiso

WASHINGTON, May 7.—The following dispatch relative to the bombardment of Valparaiso has been received at the Navy Department:

U. S. STEAM SLOOP VANDERBILT,
VALPARAISO, March 31, 1866.

Hon. Gideon Welles, Secretary of the Navy—Sir: I have the honor to announce having, on my arrival with the squadron under my command [illegible] the English Admiral, who informed [illegible] ... than thirty seconds, and not more than thirty minutes the Monadnock, her efforts unassisted, would leave only the mastheads of the [illegible] above water, and that the wooden vessels, English and American, could look out for the wooden vessels of the Spaniards.

In thus flinging to the winds the letter of my instructions to observe a strict neutrality, I acted on the supposition that neutrality among nations did not preclude all well directed efforts to keep the peace among them; that as a peaceable citizen is not obliged to stand by inert while another is suffering from the unlawful violence of a third party, but may justly interfere with force to prevent such infraction of the laws—a murder, for example—so a nation witnessing a like disturbance among her sisters, not only need not rest absolutely impassive, but with sincere neutrality might interfere with force, if necessary, to keep the operations of the belligerents at least within the law for the protection of neutral persons and neutral property.

I am aware that action in the premises on our part involved great responsibility, but I had reached the conclusion that, with England as an ally, it was my duty now to aid them. I told the English Admiral what I have written, and frankly added that his commerce was more extensive than ours and more convenient to the coast of Spain, but as he had more to suffer in consequence of a rupture with Spain he had also more to preserve by interference; that his interest in Chile rose to thousands, while ours were only hundreds.

The English Admiral said at first that he would go with me, for I plainly declared that I would not take a step without him. I said that I had no intention of becoming a cat's paw to draw European chestnuts out of the fire and then having the Power I serve laughing at my singed paw, while they enjoyed the fruits of my temerity. The English Admiral finally determined to throw the responsibility on the Minister, who did not choose to act in the premises. English co-operation having failed, no separate action on my part was taken, as none had been proposed. I have used such measures as I could to bring about an accommodation, but without success.

This morning, at nine o'clock, the Spanish Admiral opened upon the town with shot and shell, directing his fire principally against the public buildings and houses. After a continuous bombarding of two hours and fifty minutes the firing ceased, and the Spanish Admiral withdrew his vessels.

Four of the stone buildings connected with the Custom house were entirely destroyed, with their contents. Other adjoining buildings, used for the same purpose, were very much injured.

The value of merchandise destroyed was estimated at $22,000,000. The Government House, the Exchange and the railroad buildings were damaged to a considerable extent. Naturally and inevitably parts of the city which the Spanish Admiral declared he did not intend to injure, received many of his missiles. Several blocks of private buildings were destroyed by fire, and churches, convents and hospitals were not exempt from injury. Few lives were lost, not more than eight or ten.

I enclose herewith copies of the letter addressed to me by the foreign residents, representing the interests of nearly all the nationalities in Christendom, bearing an official character, with a copy of my answer; also copies of the manifesto and letters of the Spanish Admiral. When I was assured that the English Admiral was determined not to resist a bombardment, I called upon him and said as I did not choose to drift into a collision where I had no purpose to collide, I should move my vessels to get out of the Spaniards' way. This intention I communicated verbally to the Spanish Admiral.

Thrust by circumstances into a position where it became necessary to take some part, I felt a natural anxiety to know whether the one I took, meets with the approbation of the Government. In my whole course I have conferred freely with our Minister, General Kilpatrick, and derived the benefit of his advice and assistance. In all I have done or offered to do, he has been consulted, and he has fully concurred. If his name has not been mentioned before, it was because I did not wish to break the continuity of my narration, and not because I am without a strong sense of obligation for his co-operation. I have the honor to be, sir, Your obedient servant,

JOHN RODGERS, Commodore

The Montana Boats on the Missouri River

A late St Louis letter to the *Alta California* says:

"Heretofore you have had some items concerning the difficulties and dangers of the navigation of the Upper Missouri to boats engaged in the Montana or mountain trade. A new experience has just been encountered which would naturally be supposed a favorable experience, but it has in reality proved just the reverse. The Missouri river is flood high and still rising. The waters pour down from the mountains a perfect torrent, and not only swell the river far above its usual height, but also creating a current which none of the boats engaged in the Montana trade can successfully resist and make headway. The result is that all the boats are tied up to the bank between Omaha and Sioux City, waiting for the river to recede. Usually, high water is regarded as the very thing needed in the Upper Missouri, but this year it will prove disastrous. Another boat, the *Nugget*, has just been sunk and proves a total loss, making the second total loss this season, besides several laid up repairing machinery and getting fixed up for a resumption of voyage. In fact, of all the routes to Montana, that by way of the Upper Missouri river is likely to prove the most objectionable. Several parties who had intended shipping goods by steamboat to Virginia City, Montana, have clubbed together and fitted up a wagon train at Atchison, and will make an overland journey. If they should start now they would beat the steamers.

THE CHICAGO AND ST. LOUIS RACE.

This race is for the virtual monopoly of the trade of the Plains, and it's a race which will be perpetual, as neither city can ever control the trade in question. St. Louis has a tight hold on the Santa Fe trade in New Mexico, via Kansas City, but Chicago has an eye on that, and proposes to tap it by building a railroad from Cameron, fifty miles east of St. Joseph, on the Hannibal and St. Joseph Railroad, to Kansas City, which will bring Chicago into sharp competition with St. Louis. Chicago is also agitating a bridge over the Mississippi river, at Quincy, to connect the Chicago, Burlington and Quincy Railroad with the Hannibal and St. Joseph. The same interest has constructed a road from Leavenworth to Lawrence, Kansas, and by that route proposes to tap the St. Louis trade with the Fort Reilley District. From St. Louis to Fort Reilley, however, requires no break of bulk to cross a river, whereas from Chicago to Leavenworth requires a breaking of bulk at Quincy to cross the Mississippi and at Leavenworth to cross the Missouri. While Chicago is thus stretching out her hands to tap the trade of St. Louis in the Territories, this city is attacking the northwestern trade of Chicago quite vigorously. The opening of the Upper Mississippi has thrown open the market of Minnesota to St. Louis and the produce from that region is pouring into St. Louis quite fast. St. Louis is extending the North Missouri Railroad from its terminus 187 miles from the city due north, to the Iowa line. This will prove a back set to Chicago interests in that quarter. True Chicago has a tremendous start, and will flourish and thrive in spite of all competition, but she will not make any further inroads upon the prosperity of St. Louis without receiving tit for tat."

KENTUCKY DEMOCRACY.—The Louisville *Journal* raises a terrible howl over the disloyalty of the Convention of the "Breckinridge Secession Democracy" which met in that city recently. We have no sympathy with the *Journal* in the matter. The *Journal* is the organ of the Kentucky "Clay banks." Its party is the same as the Blair party of Missouri—a party whose principles are the "five loaves and two small fishes." In this State this party which, though respectable in talent, is contemptible in numbers, has succeeded in forming an alliance with the Democracy, and will probably carry off the lion's share of the offices. But in Kentucky it seems the Democrats, in view of their overwhelming strength in the State, have taken charge of their own affairs, against the interference or dictation of the *Journal* and its conservative supporters. They mean to run the machine themselves, and if there are any spoils they will have no division. Good enough, say we, for the *Journal*. Served 'em right. Sensible [illegible] on the part of the Democracy. We like a fair and square issue, with no interlopers or middle men. Radical vs. rebel is the fight. Conservatism is "played out."—*St. Louis Democrat.*

THE CONNECTICUT SENATORSHIP.—The Republican caucus of the [illegible] Legislature for the purpose of nominating [illegible] Senator [illegible] Mr. Foster [illegible] was held May 9th [illegible] Ferry [illegible] Mr. Foster [illegible] Buckingham [illegible] Mr. Foster's [illegible] ability [illegible] sympathized with the southern anti-slavery men of Connecticut [illegible] Senator [illegible] A. Territorial Organic Acts

In the House of Representatives, April 24, 1866, the following bill was read twice and referred to the Committee on the Territories, and ordered to be printed:

A Bill to amend the organic Acts of the Territories of Nebraska, Colorado, Dacotah, Montana, Washington, Idaho, Arizona, Utah and New Mexico.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the several Acts establishing Territorial Governments for the Territories of Nebraska, Colorado, Dacotah, Montana, Washington, Idaho, Arizona, Utah and New Mexico and all Acts amendatory thereof, be, and the same are hereby amended as follows, to wit: The legislative assemblies of each of the Territories named shall pass no special Acts conferring corporate powers, but they may authorize the formation of corporations (except for banking purposes) under general laws which may be altered or repealed at any time; and the property of all corporations which may hereafter be organized, or which now exist, shall be subject to the same taxation as the property of individuals.

SEC. 2. And be it further enacted, That the legislative assemblies of the Territories aforesaid, respectively, shall at their first session after the passage of this Act, provide by general laws for the organization of associations for commercial, manufacturing and mining purposes, for ferries, bridges, turnpikes and toll-roads, and for the incorporation of cities and villages, restricting their power of taxation, assessment, borrowing money, contracting debts and loaning their credit, so as to prevent the abuse of such power.

SEC. 3. And be it further enacted, That the legislative assemblies of each of the Territories aforesaid shall at their first session after the passage of this Act, prescribe by law the manner in which all corporations heretofore authorized by Acts of said Territorial Legislatures, shall reorganize under general laws; provided, that all corporations or associations not duly organized in pursuance of law, and engaged in legitimate business, shall have precedence of any proposed new association in reorganizing under such general Acts of incorporation as may be passed; and provided, further, that such reorganization shall be within one year from the date of the adjournment of the first legislative assembly in each of the aforesaid Territories after the passage of this Act.

SEC. 4. And be it further enacted, That all special charters granted by any of the legislative assemblies of either of the Territories herein named to associations which have not been organized are hereby declared void, and all persons who have secured special grants for ferries, bridges, turnpikes, toll roads or special grants for any purpose, shall be subject to such general laws as the legislative assemblies of the Territories aforesaid are authorized and required to pass.

SEC. 5. And be it further enacted, that all Acts and parts of Acts of any of the legislative assemblies of the Territories aforesaid, granting to associations or individuals the exclusive right to go upon and occupy any part of the public domain, or to the exclusive use of the timber or the water power thereon, or the right to the exclusive use of the water to be taken from the lakes, rivers or streams, be, and the same are hereby declared null and void; provided, that nothing in this act contained shall be construed in anywise to invalidate any vested right of persons acquired under existing laws of either of said Territories in any mines, nor to invalidate any corporation or mining company within any of said Territories organized under and in pursuance of any State law or law of Congress.

SEC. 6. And be it further enacted, That no person now appointed, or who may hereafter be appointed, by the President to any office in either of the aforesaid Territories shall receive any compensation out of the Treasury of the United States or out of any contingent fund for services or as compensation for his salary until he shall have entered upon the discharge of his official duties within the Territory; nor shall any officer, thus appointed, be paid for the time he may be absent from the Territory if absent without authority from the President of the United States. And no person who may hereafter be appointed by the President to any office in the aforesaid Territories whose appointment requires the confirmation of the Senate, shall be removed by the President without the consent of the Senate.

SEC. 7. And be it further enacted, That in case of the death, absence or inability of any judge of the United States Superior Courts, for any Territory, at the time when the Courts for the judicial district, are appointed by law to be held, a Judge of either of the districts in such Territory not then occupied, is hereby authorized and may hold court in such district during the absence or inability of any Judge, and all judgments, decrees and orders of said Court shall be as binding as if the same were held by the Judge appointed therefor.

SEC. 8. And be it further enacted, That the legislative assemblies of the Territories aforesaid, shall hereafter have no power or authority to grant divorces, but divorces may be granted for sufficient cause by the Superior Court of the United States, under such rules and restrictions as the United States Judges in each of the Territories may adopt, provided that such rules and regulations shall be adopted and signed by a majority of the said Judges in each Territory, and published in one or more newspapers of general circulation in said Territory.

SEC. 9. And be it further enacted, That within the Territories aforesaid there shall be no denial of the elective franchise to citizens of the United States because of race or color, and all persons shall be equal before the law. And all acts, or parts of acts, either of Congress or of the legislative assemblies of the Territories aforesaid, inconsistent with the provisions of this act, are hereby declared null and void.

SEC. 10. And be it further enacted, That no person shall be an elector, or be eligible to be elected to any office within the Territories aforesaid, who has voluntarily borne arms against the United States, or held office under the late rebel Confederate States Government, and all who have held office under the rebel Government, State or Confederate, shall be deemed to have done so voluntarily, unless it shall be made to appear to the satisfaction of the Superior Courts of the United States for each of the aforesaid Territories that any person claiming exemption from this provision was conscripted, and thereby compelled to enter the service in said rebellion.

SEC. 11. And be it further enacted, That all acts and parts of acts inconsistent with the provisions of this act, be and the same are hereby repealed.

PACIFIC RAILROAD.—In a letter to the New York *Tribune*, A. D. Richardson, who visited this coast last season, says:

The western end of the Central Pacific road is pushed forward with commendable energy. The thousand laborers swarm along the Sierras like bees on a honeycomb. Before the close of 1866, the cars will probably climb to the summit of the mountains, when the worst engineering difficulties will be overcome. The managers promise to run the locomotive into Salt Lake City within the next three years. Another road over the Sierras from Carson, (Nevada) via Placerville, (California), to tide water on the Sacramento river, though aided by no Government money, has received fresh impetus and is likely to go vigorously forward. Thus the California companies are now doing far better than those of Kansas and Nebraska, in the face of much greater difficulties. I do not know the present condition of the eastern ends of the roads, but when we left Missouri last May they were in the hands of men who seemed anxious to serve their private interests rather than carry forward this grand national work, which is more richly endowed than any other enterprise in our country ever was, receiving enough Government aid directly and indirectly to build and stock the entire road, beside a magnificent donation of lands. It is the imperative duty of Congress to give this matter close attention, and if the work be in improper hands, to take it out of them. The road should be completed to Fort Kearney, the grand junction of the eastern branches, before January, 1867. The cars ought to run from Missouri to the Pacific before 1872, and if the Government is faithful and vigilant they certainly will.

THE EXTENSION OF NEVADA.—The House has passed the bill enlarging the State of Nevada by adding to it a territory of [illegible] thousand square miles of territory taken from Utah and Arizona. An amendment reported by Ashley of Ohio, providing that all [illegible] rights [illegible] by citizens of the United States to mining claims in the territory added to Nevada shall remain as valid [illegible] was agreed to. Mr. Ashley stated that the bill takes from Utah [illegible] east and west, leaving Utah still with 85,000 square miles instead of 118,000 square miles. He added that under the bill the [illegible] would be: Nevada 104,000 square miles, Utah 85,000 square miles, Arizona 121,000 square miles, New Mexico 121,000 square miles, Colorado 104,000 square miles. Mr. Ashley (of Ohio) also stated that Brigham Young [illegible] that he had no objection to the proposed dismemberment of Utah, as there were but few, if any, of his [illegible] living in that portion of it.

Mr. Ashley, of Nevada, supported the bill. He said the Mormons were averse to mining, and that the citizens of Nevada had discovered and were working the mines in Utah and did not wish to be under the control of that Territorial government.

A RENEGADE.—The renegade Illinois ex Senator O. H. Browning has come out in a long letter justifying the course and policy of President Johnson. The Quincy *Whig* says his arguments are of a piece with those of Garrett Davis, Saulsbury, Doolittle and others of the Copperhead and renegade stripe.

THE INCOME TAX.—The New York *Post* gives the following valuable and pertinent condensation of the law and the facts on this interesting subject:

"It should be remembered by the taxpayers that the first of May is the time fixed by the Internal Revenue law for the return of schedules of incomes to the Assistant Assessors. The amended law of March, 1865, is still in force, and it is officially announced that the assessment of this year will be made in accordance with its provisions, regardless of any action of Congress on the new Tax bill just reported to the House. The Senate refuses to concur in the House resolution providing for an extension of time for two months in order to permit the new law to go into operation. Taxpayers, therefore, are required to furnish their schedules to the Assistant Assessors in their respective districts on or before Tuesday next. The Assessor is under no legal obligation to send blank forms. He may do so as an act of courtesy, but it is the business of taxpayers to find his office, obtain the blanks, fill them up and return them. In cases of neglect or refusal, the Assessors are empowered to make the return and to add a penalty of twenty-five per cent., or in case of fraud to add one hundred per cent. to the amount ascertained to be due.

The duties on incomes are payable within sixty days after the return of the schedules to the Assessors—that is, on or before the 30th day of June. The income must be reckoned for the year ending December 31, 1865, and the tax is five per cent. on all sums between $600 and $5,000, and ten per cent. on the excess over $5,000. The deductions permitted are: 1. The sum of $600 from all incomes; 2. All State, county and municipal taxes paid within the year (including the income tax paid last summer); 3. The amount paid for rent or the rental value of any homestead occupied by the taxpayer or his family, in his own right, or in the right of his wife; 4. The amount paid for usual or ordinary repairs, taking the average of the preceding five years. These are all the deductions that can be made.

The income tax is a lien upon property until paid within the time fixed by law, and the collectors are invested with full powers to take legal proceedings for distraint and collection. The proper observance of the time and manner of payment will therefore save the taxpayers much trouble."

SPEAKER COLFAX.—A Washington dispatch of May 2d says:

The short address of Speaker Colfax last evening at the soldiers' exhibition of left hand penmanship was one of his happiest efforts, and received the closest attention and heartiest applause, and the picture he drew of the efforts and sacrifices of our soldiers was very sharply defined. The country had been saved by heroism, not by voluntary surrender of the rebels nor by their abandonment of the unjust cause. Referring to the late processions strewing flowers on the graves of the rebel dead in the South, the following closing paragraph appears:

"We can show our gratitude to the honored dead far better even than by strewing flowers on their graves. We can prove that we appreciate the sacrifices of the maimed and dying soldiers who returned to us, by rebuilding on the firm granite of indisputable loyalty, rather than the treacherous quicksands of unexpected disloyalty."

RECONSTRUCTION.—Caleb Cushing and some other Conservative authorities express the opinion that the Republican party will be irresistible in the North, with their platform, in the coming elections. Chief Justice Chase is in favor of the constitutional amendments. General Grant pronounced the report wise, just and expedient, and he warmly recommended it. It was read to the President by a number of Congressmen, and when the reading was finished, Johnson made the single remark: "Is not that taking a step backward?"

The late Judge P——, of Connecticut, was not remarkable for quickness of apprehension. At a certain time Hon. R. W. Sherman was arguing a case before him, and in the course of his remarks Mr. S. made a point which the Judge did not at once see:

"Mr. Sherman, I would thank you to state the point so I can understand you."

Bowing politely, Mr. Sherman replied in his blandest manner: "Your honor is probably not aware of the task you are imposing upon me."

GRANT AND BUELL.—The New York *Daily News* marvels how U. S. Grant came to be made a Lieutenant General and a popular hero, while Don Carlos Buell—an abler and better soldier—was thrown out of the service. It strikes us, says the *Tribune*, that the simple fact that the *News* likes Buell and his mode of fighting the rebellion, and don't like Grant and his strategy, affords the required explanation.

ALLEN'S LUNG BALSAM!

The Remedy for Curing CONSUMPTION, COUGHS, COLDS, Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC; which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it if only taken in time.

Prices Greatly Reduced

LEFFEL'S American Double Turbine Water Wheel

IS NOW MANUFACTURED BY THE OREGON IRON Works, in the city of Portland, and orders for the same can be filled immediately. We have a small supply of the different sizes, from 10 inches to 48 inches in diameter. That we may know the proper sized wheel you require, measure your water in the following way. Take the width of the stream, the average depth, and the distance it flows in a minute.

As the wheels now in use give universal satisfaction, both the construction of the wheel and its performance, commend it to the better judgment of all minds capable of appreciating the highest development of mechanical construction. Therefore it has conquered the most violent opposition.

This wheel is especially adapted to mining purposes. It is light and can be easily packed into the mountains. Wheels weighing from 100 to 300 pounds will yield from 10 to 40 horse power, under a head of 20 or 30 feet. They are the cheapest wheel to set up, known, as they are arranged as to produce the greatest power possible from the water used.

The prices of these wheels have now been reduced to the ability of all. Come and see them or send for a circular to

DR. CHAS. H. TOZER'S PRIVATE MEDICAL INSTITUTE,

N. E. Cor. Jackson and Kearney Sts.,

SAN FRANCISCO.

THE GREAT ERADICATOR OF SPECIAL COMPLAINTS, FORMERLY OF LOCKE HOSPITAL, LONDON, EIGHT YEARS IN SACRAMENTO AND THE LAST THREE YEARS IN SAN FRANCISCO.

DR. TOZER'S

Experience is of forty years standing, and during that time he has met with unparalleled success in the treatment of all those diseases generally known as

Venereal or Chronic.

It is supposed to be [illegible] to mention all the diseases with which he is familiar; some, perhaps, will not be out of place. The most formidable, the most destructive to mankind is Self Abuse. The brain being the seat of the disease, the whole system suffers in consequence. I will here enumerate some of the symptoms, so that those afflicted may be able to form an opinion in regard to their complaints and seek advice in time, thereby saving themselves a world of suffering: Nervous Debility, Loss of Memory, Pain in the Limbs and Back, Palpitation of the Heart, Trembling of the Limbs, Headache, and an Aversion to Genial Society, especially that of Females. There are a great many more, but these are sufficient, and should you be suffering from any of them, call on DR. TOZER, and he will cure you in a short time, without any interruption in your business—or state your case by letter, and there will be no occasion for your calling at the office.

Stricture of the Urethra

Is another formidable enemy to health. Send for one of my circulars on that disease and inform yourself of its terrible results. The worst cases cured in a few days.

Venereal Diseases

In all their various forms, either Primary, Secondary or Hereditary, completely eradicated from the system, the constitution being restored to perfect health, there will be no danger of handing down to your children that terrible disease known as Scrofula.

Syphilitic Disease

As it presents itself on this coast, is of a more formidable character than that seen in the Atlantic States or Europe, arising from the fact of its being a compound of Spanish, Chinese and Sandwich Island disease. Those of you who have visited the two latter countries no doubt have seen the dreadful effects of it on both the native and foreign population. It requires altogether different modes of treatment.

The Old Formulas

Of Ricord, Acton and Bostwick are of little account, except to dry up the disease on the surface, leaving the poison in the blood, which, sooner or later, will show itself as a secondary disease in an aggravated form. These facts I have learned by experience, and think that I can say without boasting that I have seen more practice in these diseases than any other physician in California, dating as it does from 1849. It becomes you, therefore, to think well, before you employ a physician.

Who is the proper one to consult—an old experienced one or one who has recently settled amongst you?

My Plan is Purely Vegetable,

Destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the skin-bones, swelling of the different joints of the body, running sores, etc., etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Diseases Peculiar to Females,

Such as Retention, Painful Menstruation, etc., etc., have been my study for a great number of years, and I can safely promise a perfect cure in a short time.

Be not deterred from calling on Dr. TOZER from delicacy or a fear of exposure, as the Doctor is a man in whom you can trust, and all cases are treated with the utmost secrecy.

THAT OLD GREENBACK CASE

I
am
still
obliged
to accept
of Legal
Tender Notes
at Portland have
been since Dec 17,
1862, for the rent of
my Handsome Brick
Store, corner of Morrison
and Front streets, I feel
compelled to announce for
the benefit of the public, that

JACOB MAYER

Leased the building of me Feb. 17,
1862, for a term of years, at which
time there was no such currency in
vogue, and it was understood the terms
were Cash. Since the date above stated, I
have received the depreciated currency regularly for the rent of the

CITY OF PARIS STORE!

making less than two fifths of the real amount
said Mayer was to pay. His landlord, [illegible] the
building at very advantageous rates, and
even were he now to comply with his contract and pay in Coin, would be getting
the best bargain in the city. I make
this statement to show the public
what kind of a man he must be to
take such undue advantage of
the times to convert a few dollars to himself by LEGAL
SWINDLING. The public
will then readily see how
much it costs to have
such tenants in such
costly buildings
as the one referred to
above.

Portland, Jan 10, 1866.
